ROLES, RESPONSIBILITIES & REPORTING (RRR)

Billing System Implementation & Operations Framework

We are developing and supporting 7 billing modules as mentioned below:

1. Supported Billing Types

Sr. No.	Billing Type	Status
1	Maintenance	Workable
2	Electrical	Workable
3	Water	Workable
4	Gas	Under Development
5	Rent	Under Development
6	BNB	Under Development
7	Heritage Club	Under Development
8	Accounting System	Under Development

2. System Integration Framework

Integrated System	Purpose	Status
RIS	Client master data & category verification	Workable
Challan Management	Enforcement fines & tower charges verification	Workable
Accounting System	Ledger automation, arrears & collections control	Under Development
Admin Module	Employee verification & discount authorization	Under Development
Meter Management	Meter installation, replacement & faulty meter validation	Not-Start

3. Roles & Responsibilities Matrix

Role	Key Responsibilities
Billing Officers	Create billing month, verify category/arrears/challans, generate & post bills, verify summaries, modify bills with approval & audit trace
Accounts Officers	Verify arrears & collections (Working), approve post-billing modifications (Working), ensure ledger integrity (Under Development)
Enforcement / Towers / RIS Officers	Verify challans before billing inclusion (Working)
Admin Officers	Verify employee records & approve discount eligibility (Under Development)
Electrical Officers	Verify disconnections, approve reconnection & faulty meter charges (Working)

4. Governance & Control Framework

Control Area	Control Description
Pre-Billing Control	Mandatory verification before bill generation
Bill Posting Control	Automatic ledger creation & audit logging
Post-Posting Modification	Approval authority required with transaction tracing
Audit Compliance	Full accountability trail maintained within system

5. Pictures attached
